## Epps Asks \$250,000 Damages Suit Against Dr. J.C. Tate

Epps, a former Memphis official who was arrested in January, is now suing Dr. Tate for \$250,000 damages.

Dr. Tate alleged in January Epps had attempted to defraud him by issuing two \$10,000 checks to him as a retainer fee for his services and expenses in assisting Epps and the Buel Plastic and Construction Company to establish low cost homes in a housing project in Pass Christian known as the Tate Subdivision.

Dr. Tate alleged in January Epps had attempted to defraud him by issuing two \$10,000 checks to him as a retainer fee for his services and expenses in assisting Epps and the Buel Plastic and Construction Company to establish low cost homes in a housing project in Pass Christian known as the Tate Subdivision.

## Charged Setting To Woods

Spiers, a resident of Bay St. Louis, was charged Thursday by the Hancock County Sheriff's office with allegedly setting woods, a felony under Mississippi law.

Epps claims he gave Dr. Tate the undated checks in August and Tate knew and was well advised of the fact the checks were not cashable or negotiable and in no event was Tate to attempt to cash them. Epps said Tate was told to hold the checks until such time as a firm agreement was entered into. He said Dr. Tate typed in the date December 1 and December 7 and defaced the checks. Epps said Tate had maliciously injured his reputation, exposed him to public hatred, contempt and ridicule and had degraded him in society and lessened public esteem thus lowering him in the confidence of the community where he is known. Epps gave evidence articles appearing in the Memphis Press Scimitar, the Memphis Commercial Appeal and the Dally Herald. Epps denied Tate's accusation that he had pursued Tate to take an option on lands. Tate claims he did not expect to make any money on the development, however Epps said Dr. Tate did expect to make money and his (Tate's) profits on the construction of the homes would have been \$145,000.

Following arrest of Epps in Hancock County on January 27, a pre-hearing conference with District Attorney Boyce Holleman decided against criminal charges in the matter on jurisdictional grounds in the county and Epps was freed the following day. Epps is a defendant, along with other union officials, in a civil suit filed in federal court in Memphis which involves alleged misappropriation of \$96,000 in union funds. As a union official he was also said to have been active in strikes in Memphis and other cities in the South.

Recently under deadline Memphis, Tennessee the Associated Press reported Epps' announcement as a candidate for Mayor of Memphis. About 300 persons gathered at a church in an attempt to raise money to prevent foreclosure on Epps' home, the reporter said and greeted the announcement with cheers. Epps was making a speech in which he accused the news media of having convicted him without trial of financial misdealings.

## Hancock County Land Fill Will Open April 1

Wide sanitary land fill to go into operation April 1, according to Russell Elliott, president of the Hancock County Board of Supervisors.

Hawkins of the State Board of Health in Jackson by invitation showed slides at the meeting of the group and made suggestions about setting up an approved fill. Hawkins said there could be some federal aid to assist in the program, however, he was uncertain as to the possible amount.

Expenses for the operation of the landfill are to be worked out between the two municipalities and the county on a fair share basis, it was said. Elliott said the county would, perhaps, operate the fill for the first month, keeping a detailed account of the cost. Later, he said, the municipalities would reimburse the county when the "fair share" has been determined and decided upon. Also under consideration by the city and county authorities is use of the dumpsite system to help with collection of solid waste. A dumpsite is described as a large and approved container which is designed to be placed at strategic locations where individuals may conveniently place garbage.

## Carver Says City Will Be Debt Free

"At the rate the city of Bay St. Louis paid on bonded indebtedness during the 1968-69 year, and provided no additional bonded indebtedness is assumed by the city, we will be debt free in 23 years," said Mayor Warren J. Carver on Monday in an interview designed to provide citizens with information concerning the financial status of our municipality.

Mayor Carver compiled information from a Comparative Financial Data and Ratio Analysis of Various Mississippi Municipalities made by the Department of Bank Supervision in Jackson. While the full analysis consisted of 10 separate cities, the mayor selected cities with a population between 4,000 and 5,000 (based on the 1960 population figures) since at the time of the report the 1970 census figures were not available. The 7 cities selected for comparison fall within this population range and include Bay St. Louis. The cities used for comparative purposes include Holly Springs, Oxford, New Albany, Bay St. Louis, Louisville, Crystal Springs and Winona. Bay St. Louis with a population of 5,073

## Citizens Protest Gambling

# Alleged Bookie Joint Operating On Bookter

## Officers Uncover 'Burglary Gang'

An 18-year-old and three juveniles have been arrested in connection with several recent robberies in Hancock County. Housed in the Hancock County Jail and charged with grand larceny and contributing to the delinquency of minors is Johnny Gibson, 18, whose address is Lakeshore Road. Sheriff Fred Curet has said that he believes these four are part of an organized gang that has been operating in the county for several months.

Robert Tartavouille and I are working with Deputy Klein to put an end to this gang."

## Curet Warns Those Buying Stolen Goods

"Anyone who buys an item from an individual at a ridiculously low price will be suspected," stated Sheriff Fred Curet in connection with the recent recovery of stolen goods. Sheriff Curet believes that many of these burglaries could be solved sooner if citizens would inform the Sheriff's office when they have been approached and offered goods at prices well below normal.

"For instance," Curet continued, "we know of a man who purchased a \$350 chain saw for \$27 from an individual. Everyone knows that the property must have been stolen but no one contacts us."

Curet stated that arrests would be made of people who are purchasing stolen goods and warned that this is a misdemeanor punishable by fine and/or jail term.

## Crews Clearing Jackson Ridge

The Jackson Ridge dumping grounds are being cleaned and leveled and the debris buried according to a report given by Russell Elliott, president of the Hancock County Board of Supervisors. Elliott said his county equipment along with that of Supervisors Dolph Kellar and Charles Russ III were being used to clear up the dumping ground.

A trench some 350 feet long, 10 feet wide and 8 feet deep has been dug within ten feet of the paved road, Elliott said, and it will be designated as a place for the disposal of solid waste. Elliott said signs will be erected guiding people to the approved dumping site and other signs will show areas where dumping is prohibited. "As soon as the No Dumping Signs are up," Elliott said, "we plan to very rigidly enforce the ordinance." Elliott said private citizens who wished to place solid waste in the approved trench at Jackson Ridge will find the location convenient for them.

BILLY BURROW

## Manager Named For Security Savings Office

The Board of Directors of Security Savings & Loan Association, Bay St. Louis and Gulfport, announced this week the appointment of Joe B. "Billy" Burrow as Manager of its Bay St. Louis office effective March 1, 1971.

Burrow is widely known in the financial world having been engaged in the banking business for the past 17 years, 14 of which was in Bay St. Louis. Mr. Burrow was associated with his father, the late Joe B. Burrow, Sr., in the banking business. His father was a veteran banker in Bay St. Louis for 37 years.

In his capacity as Manager of the Bay St. Louis office of Security Savings & Loan Association, Burrow will be in charge of all matters, both loans and savings affecting the Bay St. Louis Office.

## Council Considers 21 Applications

Twenty one applications were considered by the Hancock County Construction Commission executive Board on Monday night when the group met at the Chamber of Commerce to discuss the building code scheduled to go into effect on March 15. Recommendations were made for plumbing, electrical, and building inspectors and for the executive official.

"We had a very harmonious and interesting meeting," said Talmadge Rayborn, executive director of the Chamber of Commerce, Rayborn said, "we had some splendid applications -- fine and well qualified men." Rayborn said there would be a general meeting of the Hancock County Construction Council on Friday night, February 26, in the Coast Electric building for the purpose of ratifying the recommendations made by the Board. Rayborn said the approved applications could be submitted to members of the Board of Supervisors for their consideration. The Board of Supervisors are the final authority on the collection of men to serve as inspectors in the various capacities, it was said. Both the Board of Supervisors and the Construction Council are in agreement that the applications for these jobs will be taken on a continuous no-deduction basis. All applicants names

are to be published and all applications kept on file for future reference, it was stated. Rayborn said some rumors were going around to the effect that some applications would "get lost" before getting to the attention of the Board of Supervisors. Rayborn said, "we will publish the name of each applicant. There is absolutely no truth in this rumor."

Goodsell also told the group that he passed 216 Bookter Street on Sunday and observed 11 automobiles and 2 pick-up trucks at the establishment during the morning hours, later in the afternoon he saw 5 automobiles and 2 pick-up trucks, and in the evening about 10:30 p.m. Goodsell said operations were still underway. Commissioner Frisbie said he was embarrassed to be attending social functions and have people ask the question: "When are you going to close down those bookie joints." Mayor Warren Carver said he was unaware that any bookie

Roy Craft whose home address is given as 237 Carre Court in Bay St. Louis is somewhat in the limelight this week. A group of concerned citizens believe he is running a bookie joint at 216 Bookter Street. The place where the alleged game takes place is owned by Nolan Kingston and if the allegations are true a lot of people have been guilty of violating both State and local laws.

During a Monday afternoon meeting at the City Hall Dr. Walter Russo, president of the Bay St. Louis Rotary Club, an optometrist, and a member of the First Presbyterian Church of Bay St. Louis, was outspoken and sincere when he stood before Mayor Warren J. Carver, Commissioners William Frisbie and Andre Arceneaux and took a firm stand against any and all illegal activities permitted within Hancock County. Russo was supported by a small, opinion molding and influential group including Jim Fillingame, deacon of the First Baptist Church; Billy Murphy of the Shoreline Baptist Church; Talmadge Rayborn who represented the First Presbyterian Church and others who expressed the belief that anti-gambling laws should be enforced in Hancock County for the protection of all citizens with special emphasis on the protection of youths within the area.

Chief of police, Robert Goodsell, told the group he had been accused of taking "pay off money" because he had not closed down the alleged gambling joint. He stated that on or about December 15, 1970, he visited the address and noticed a small group playing cards. He said there were some racing forms in evidence on the table. Goodsell said he asked the operator (Craft) to step outside and discuss the matter with him. He said he asked Craft to stop the race-form activities and was told that his request would be carried out.

Goodsell also told the group that he passed 216 Bookter Street on Sunday and observed 11 automobiles and 2 pick-up trucks at the establishment during the morning hours, later in the afternoon he saw 5 automobiles and 2 pick-up trucks, and in the evening about 10:30 p.m. Goodsell said operations were still underway.

Commissioner Frisbie said he was embarrassed to be attending social functions and have people ask the question: "When are you going to close down those bookie joints."

Mayor Warren Carver said he was unaware that any bookie

operations were going on in Bay St. Louis. The mayor said he had been informed a group made up mostly of older and retired men were playing poker or some game of chance, but he felt it was just a friendly game originated by people without much to do and really just playing a game as a matter of passing time. The mayor said: "We have no choice in the matter, if illegal gambling is going on then we must abide by the law."

City attorney Gerald Gax said the fact that a bookie race sheet was in evidence did not constitute a crime. Gax said he felt he possibly had 20 such sheets in his home that he picked them up whenever he was at the New Orleans tracks. Gax said he felt people of the area were satisfied with conditions as they are and pointed out anyone could sign an affidavit. Dr. Russo responded to the effect it should not be the responsibility of citizens to sign affidavits leading to the arrest of those engaged in illegal matters. The responsibility, he said, should rest with those (the mayor, commissioners and chief of police) who were put in public office to see that laws are enforced. Attorney Gax said: "As I understand the law, the possession of racing sheets is not a crime." Dr. Russo said: "We are concerned about illegal gambling. We want to eliminate it before it gets started."

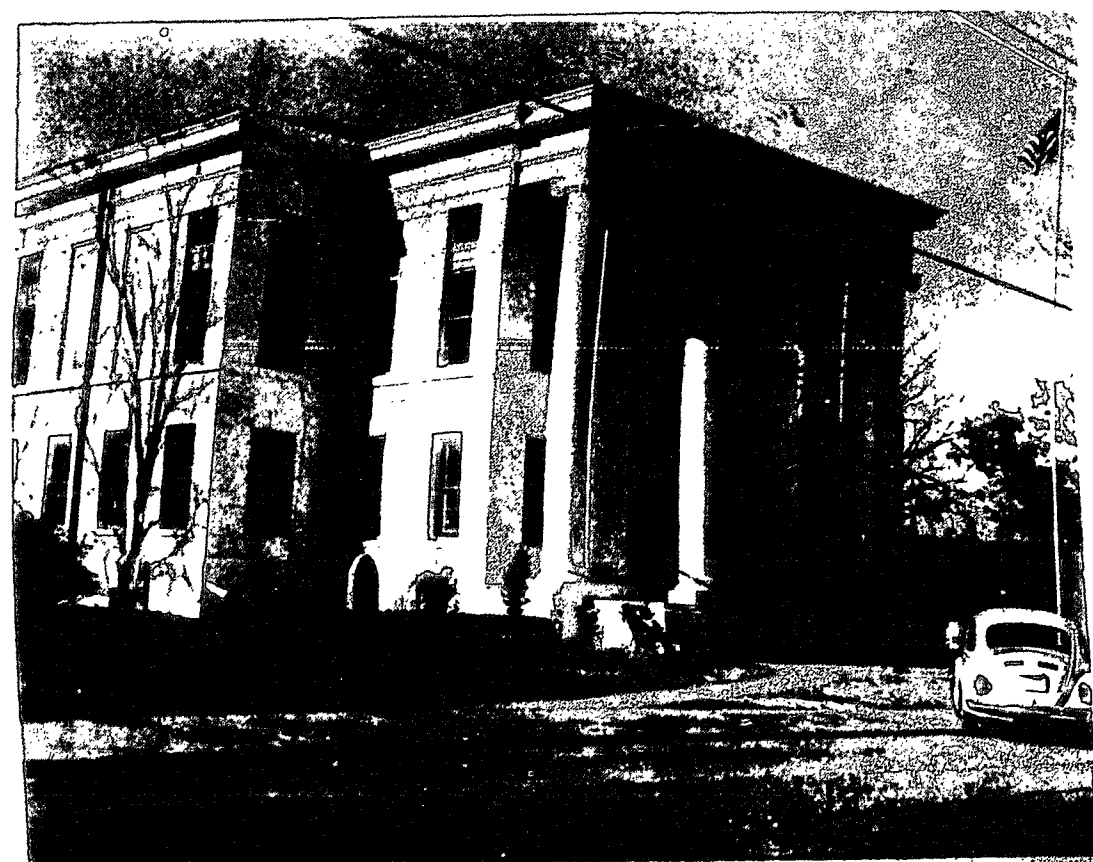

The point was brought up for many years a group had played "friendly games of poker" and the pass time should not be denied these persons. Friendly games of chance, it was stated, could be played in private clubs without objections. Dr. Russo said: "If it is illegal I don't care whether a card game or horse betting, I am against anything that is illegal." Attorney Gax said: "What about Bingo? How far do you want to go?" Commissioner Frisbie said: "I think right now close down the bookie." Dr. Russo said: "We certainly want to keep a good community and protect our people, if that clears up the situation."

Commissioner Frisbie said: "The chief of police has been accused of taking a pay off."

Concluding the meeting Commissioner Arceneaux said: "O. K. Bob, (Chief of Police Goodsell) take a ride over there and tell them to close down the bookie making, but make sure you have the facts and that you have a witness. I don't want the city in a law suit."

Dr. Russo said: "I am only interested in one thing. I think the council (Mayor and Commissioners) should work to-

STATELY IS THE only word to describe the Hancock County Court House since extensive renovations were completed recently. Hurricane Camille damaged sections of both the interior and exterior of the Court House and plans are now being made to reconstruct the interior of the Court House. (Echo Staff Photo by Harrison)

## Coast Water Rates Studied

City Commissioner Andre Arceneaux has compiled comparative information on water rates and methods of payments in 10 Gulf Coast towns including Waveland, Bay St. Louis, Pass Christian, Long Beach, Gulf-

### City Debt...

(Continued from Page 1A) stands 4th in number of inhabitants. In assessed valuation (1969) Bay St. Louis stands third highest with a figure of \$8,365,435 and in per capita assessment Bay St. Louis still stands in third place with \$1,649.00 assessment.

The bonded debt structure is highest among the seven cities with a \$3,098,514.00 total. Also Bay St. Louis ranks first in the per capita debt basis with a figure of \$611.00. Of the seven cities, only Waveland has a per capita debt basis of only \$321.00.

The percentage of bonded debt structure to assessed valuation, says Mayor Carver, was 36.5 percent among the 4,000 to 6,000 population group with 37 per cent.

"One of the major reasons in collection of the water rates," said Mayor Carver, "is the fact that the operating expenses of the water system are \$1,489,705.00. Bay St. Louis also placed second in spending (other than for water and interest) during the fiscal year 1968-69 with a total of \$1,348,190.00.

Comparative statistics place Bay St. Louis third in the seven municipality comparison on amount of interest paid on bonded indebtedness, \$59,617.00 and topped the list in percentage of total operating disbursements to revenue receipts with 94.5. "Four cents of every dollar of revenue received went for interest expense," said Mayor Carver and added, "In this we did not fare too badly."

Concluding his analysis the mayor said: "I sincerely hope this provides you with some useful knowledge of the financial structure and operation of our community as compared with other communities your size." Mayor Carver said he would send any interested parties a full copy of the report.

Board of Supervisors Elliott said he did not know which place the applications were sent.

The Construction Council offered to assist the Board of Supervisors by acting in an advisory capacity, it was said, however the Board of Supervisors will make final decisions in naming men to the inspector positions.

### No Deadline Set On Applications

"There is definitely no dead-line for filling applications for the job of inspector in connection with the building code," declared Russell Elliott, president of the Hancock County Board of Supervisors, in an interview on Monday afternoon.

Elliott said some people were misinformed and thought the Board of Supervisors would make appointments to various inspector positions when the board meets Monday, March 1.

Elliott said: "We can not make any decisions until after March 15 since the code will not go in effect until that date." The supervisor further stated applications would be accepted at any time and all applications would be kept on file to be drawn from as the need arises.

The Hancock County Construction Council said the directors has accepted some applications, Elliott said, and other applications are being considered.

Board of Supervisors Elliott said he did not know which place the applications were sent.

The Construction Council offered to assist the Board of Supervisors by acting in an advisory capacity, it was said, however the Board of Supervisors will make final decisions in naming men to the inspector positions.

port, Biloxi, Ocean Springs, Moss Point and Pascagoula. The minimum rate in each case is based on a 6,000 gallon consumption.

Waveland is the only town in the group with no control cover system and their rate is \$2.95 per month. Rate in Biloxi is \$2.30, however there is a ten percent penalty if not paid by the 10th of each month.

Rates in Ocean Springs and Moss Point are \$3.45 and \$3.54 respectively with coverage running an additional 50 percent of the water bill.

Gulfport rates are \$3.70 with a 15 percent discount if paid by the 10th. Sewerage cost in Gulfport runs 75 per cent of the water bill. Pass Christian, Long Beach and Pascagoula have a minimum rate of \$4.00 with sewerage running 75 percent of the water bill in both Pascagoula and Pass Christian.

Long Beach has a minimum sewerage of \$3.00. Bay St. Louis has a minimum rate of \$3.64 with a 10 percent discount if paid by the 10th of the month, and an added 50 percent of the water bill for sewerage.

By taking all factors into consideration, said Bay St. Louis has a fine water supply for a very nominal fee. Waveland sewer and water improvement program is scheduled to start in 1971, it was said and cost will then be adjusted to conform with services.

Arceneaux said samples of water are taken on a regular basis by the department of health and the results of the tests are made available to consumers.

### HUD Requests Copy Of Building Code

George K. Bernstein, Federal Insurance Administrator for the Department of Housing and Urban Development, HUD, in Washington addressed an inquiry to Russell Elliott, president of the Hancock County Board of Supervisors requesting a copy of the building code that will go into effect on March 15.

Bernstein said: "The allowance of a ten per cent reduction in flood insurance rates for 1-4 family residences of sturdy resistant construction built after August 1969 in Hancock County was based on information that the County would put into effect a building code, such as the Southern Building Code."

"We have heard that Hancock County has or may be considering the rejection of the Southern Building Code. If this is so, please send us a copy of the building code which is in effect, or the one being considered, so that we can determine if new 1-4 family residential and small business structures in Hancock County should continue to receive a reduction in the flood insurance rates."

- PHOTO OPTICAL ENGINEERS
- STRUCTURAL ENGINEERS
- METALLURGISTS

OTHER STAFFING REQUIREMENTS FOR:

- Electrical, Mechanical, Technicians
- Production Workers
- Illustrators
- Administrative Personnel
- Quality Control Inspectors

### Epps Suit...

(Continued from Page 1A) In January and early February Epps name appeared in newspapers naming him the organizer of the 65-day city (Memphis) sanitation strike in 1968 in which 3,000 sanitation men, 98 per cent of them negro, were off the job. In that strike Dr. Martin Luther King Jr. was said to have been brought to Memphis and was killed.

### Bookie Joint...

(Continued from Page 1A) together and it should not be our (citizens) responsibility to come up here. If the Chief of Police and City Fathers work together we should not have to worry about "peaky things."

Russo said he thought it was the duty of the officers to apprehend crime and to enforce the law. Arceneaux said he felt it was the duty of his office to echo what was wanted in the community. "I have not been there to play cards and I don't know if any bookie is in operation," Arceneaux said. Frisbie said six representative people told him they had placed bets at the bookie establishment.

Mayor Carver expressed the belief that these things are pretty hard to stop. He pointed out the reluctance of witnesses to testify when they are placed bets. Involved in the bet to post is not only the person who runs the bookie, but also the person who bets or loans money to a bookie runner, and all of those engaged in the betting.

Commissioner Frisbie told this reporter he did not see any particular point in bringing the meeting to the attention of the public through the news media at this time and said: "However, I do not have any contact over the press."

*The Best Begins With:*

# Gulf 200 FREE Checking

YOU CAN WRITE all of your checks free. That's right. Our Gulf 200 Checking Plan lets you write all of your checks free if you maintain a minimum balance of as little as \$200 in your account.

Gulf 200 Checking can save you as much as \$3.00 a month or \$36 a year in service charges—the same amount you would save if you had about \$700 in a five per cent savings account.

Gulf 200 Checking is simplified so that you can understand when and how service charges are applied. It's as simple as this:

1. No service charge on regular checking accounts that maintain a minimum balance of \$200.
2. Accounts with minimum balance of \$100-\$199. Service Charge is \$2.
3. Accounts with minimum balance of \$50 or below. Service Charge is \$3.
4. Above service charges apply to all regular checking accounts, except Commercial and Thrift.

Start your year off by saving money through fine banking service. Inquire about Gulf 200 Checking at any one of our six convenient offices. We'll be glad to see you.

## Royalty Reigned FROM At S.J.A. Ball

With Happy Holidays as the theme of the S.J.A. Carnival Ball Association together with the Lady of the Gulf Parents Club presented its 38th annual ball Friday night in the S.J.A. Auditorium in Bay St. Louis.

Robert Wyatt, roined as King Carnival XXXVIII and Mrs. Frank Hill as Queen of Carnival 1971. Mrs. Hill's daughters, Carla and Helene, served as her pages or junior attendants.

A very attractive addition to their majesties' court was the introduction of Mrs. Joseph Kern as Grand Duchess and Mr. Kern, her Duke.

The bodice of the royal gown was empire style studded with rhinestones. The round neckline was edged in brilliant and gold bugle beads, while the front panel of the skirt edged in the same rhinestones and bugle beads was decorated with rose appliques of gold beading and tulle.

Her gold tulle skirt, applied with white satin tulle, had a jeweled crown in the center. Her majesty's head dress was a solid gold crown and in her hand she carried a brilliantly studded scepter adorned with a white orchid. The gold filigree collar on the queen's mantle completed the royal attire.

Maid and Dukes of the 1971 Carnival Ball Court were Mr. and Mrs. Arthur J. Chapman, Mr. and Mrs. Thomas D. Chapman, Mr. and Mrs. Sam Evans, Mr. and Mrs. James Taylor, Mr. and Mrs. Bill Carroll, Mr. and Mrs. James McArthur, Mr. and Mrs. Eddie Maloney, Mr. and Mrs. W. North, Jr., Mr. and Mrs. H. Ott, Mr. and Mrs. David Branch, Mr. and Mrs. Robert W. Lyle, Mr. and Mrs. Larry Smith, Miss Lorraine Stockman and Mr. Bert Polaski, Mr. and Mrs. Norris Sumrall, Mr. and Mrs. Alvin R. Vetter and Mr. and Mrs. David Wieting.

Mr. and Mrs. Joseph Kern's daughters Lisa and L'Ann, were attendants to the Grand Duchess, Mrs. Kern.

A bouquet of red roses was presented to Mrs. Robert Wyatt, and the ball ended with the sound of true love.

Mr. and Mrs. Wyatt, the legal husband and wife, were the toast of the evening.

Mr. and Mrs. Wyatt, the legal husband and wife, were the toast of the evening.

## ANSLEY MRS. AUGUST LADNER Phone 497-7471

Mrs. Leona Green returned home after visiting with her son, Ronald McLaughlin in Mercur, Louisiana. She also visited her sister, Mrs. Genevieve Lytle in New Orleans and her nephew and his wife, Mr. and Mrs. Lytle in Houston, La. She enjoyed the Mardi Gras Parades while there.

Mrs. Esther Brown is visiting with her son and his wife, Mr. and Mrs. George Hilliard in Arabi, Louisiana where they enjoyed seeing the parades.

Mr. and Mrs. Lytle are spending a week with their aunt, Leona Green of Ansley.

Our deepest sympathy goes to Mrs. Genevieve Schwartz who recently lost her youngest sister, Mrs. Lillian Ball of New Orleans.

Wednesday night a friendly was held at Ladner's Friendly Inn to elect officers for Ansley Soft Ball Team. Elected were: President, Vick Green; Vice president, Danny Kramky; Secretary and Treasurer Mike Lee.

A tournament was planned for April 25th to May 2nd on Ansley Ball Field.

Mr. and Mrs. Whiting of New Orleans are spending a long week end at their home in East Ansley.

London Schedule

Our Lady of the Gulf Lenten Schedule:

Approximately 55 Lockheed engineers and scientists will be assigned to the program, according to Chandler.

"Up to now," explains Chandler, "the main earth resources effort has been in the research and development stage. In other words, development of equipment, flight testing, and data acquisition and processing have been the main elements of the program."

"With this project," he said, "NASA will now place the emphasis on applications research in an attempt to use resources to fulfill man's environmental, economic, and ecological needs. Specifically, Lockheed will be supporting NASA in applying earth resources information and technology to the Mississippi-Louisiana Gulf region," he concluded.

Heading the program will be Dr. Walter G. Eppler of Clear Lake Forest, a 10-year Lockheed veteran. He will be assisted by task supervisors Jack Throop and Buddy Lippert.

Lockheed Electronics is a major supplier of minicomputers, computer memories, printed circuits, instrumentation and space-age tape recorders, and a wide range of military electronics equipment and services. The firm is headquartered in Plainfield, New Jersey and has major plants in Los Angeles and Tucson, Arizona.

## Guest Speakers Address Club

A very busy meeting will be held by the Lakeshore Garden Club Thursday, February 18th at the home of Mrs. Norris A. Sumrall, 502-de Mouth with Mrs. G. T. Moreau acting as co-hostess.

The Garden Plaque Committee announced that Mrs. W. A. Richardson's yard at 109 Whispering Pines won the award for February, and three new members were officially welcomed into the club, Mrs. Lionel Bordage, James K. Fitch and Frances V. Horn.

Guest speakers were Mrs. P. J. Benvenuti and Mrs. H. L. Robinson who spoke on the subject of "community clean-up" and how to accomplish it.

Brochures were passed out and many excellent points were gathered from these two very helpful ladies. Their enthusiasm sparked the Club's "Operation Clean-up" campaign which gets underway in Clermont Harbor and Lakeshore March 1st and will be carried on throughout the entire month. Delegates will be mapped out by the Clean-up Committee between now and March 1st.

Another guest at the meeting was Miss Mary Simmons, Home Economist from the Mississippi Power Co., who demonstrated the automatic electric fondue pot.

Arrangements were judges and those winning were Mrs. W. A. Richardson - cultivated, Mrs. E. P. Orto, dried; Mrs. J. K. Fuch, specimen; Mrs. H. W. Duke, miniature and Mrs. T. K. Breland, potted.

Posters urging "Let It Begin With You" have been distributed by the City Police force to the local businesses. Several local merchants are closing in their monthly statements a "Clean-Up" Editorial copied from an October issue of the Sea Coast Echo. This Editorial cites areas to be cleaned and urges all citizens to participate in Clean-up and Beautification month.

Trash pick-up throughout the city is progressing on schedule and everyone is urged to observe the pick-up time in his area.

All groups and organizations are encouraged to participate in Clean-up month by selecting an area to be cleaned as a group project.

Anyone in need of suggestions of areas to be cleaned may call 7-7250 or 7-6057.

Radio League  
formed  
The Hancock Emergency  
Organization composed of  
volunteers and conscientious citizens  
and radio operators was  
formed on February 4th after  
a meeting of organizational members.

The purpose of the organization is to assist in all forms of emergencies by furnishing instant radio-telephone communications with its headquarters and proper authorities and to promote better and proper use of band radios and equipment. Friendship and good will among members and citizens in the surrounding area is also the organization's goal.

The H.E.R.O. organization has Channel 12 on C.B. and welcomes all citizens to the organization. Officers elected for fiscal year are: Bro. Albert Ledet, President; Bro. Albert Ledet, Vice President; Bro. Albert Ledet, Secretary; Bro. Albert Ledet, Treasurer.

For more information, contact Bro. Albert Ledet, 467-7810 for membership application.

Mr. and Mrs. Otto Woods gave a little surprise birthday party for their grandson, Michael, on his second birthday, Sunday, February 21, 1971. Michael is the son of Mr. and Mrs. Charles Woods. (Cake and ice-cream were served. Those attending were: Mrs. Charles Woods, Miss Rostie Schautman, of Lumberton; Mr. and Mrs. Carl Woods; and Mrs. C.M. Chatham of Gulfport; Mr. and Mrs. Adolph Fruble and daughter, Lynette; Mr. and Mrs. Renis Malley and children David, Frances and Cindy; Mrs. Irene Laidner all of Belleaux; Ruth Elaine Woods, Mrs. Bessie Woods, Mr. and Mrs. L.J. Breaux and children, Norman, Jack, Marlene and Bryan all of White Cypress.

Deepest sympathy to the family of Mrs. Irlene Page who passed away last week.

Hurley S. Laidner, U.S. Navy, spent ten days home on leave with his parents Mr. and Mrs. Wilmer (Oton) Laidner of Stanland, Hurley returned to Norfolk, Virginia on Sunday.

Kila (C.Y.O.) will have a dance on Saturday, February 27, 1971. In Kila Annunciation gym. Music by the Thunderheads of New Orleans. Admission is \$1.50. One must be 14 years old to get in the dance.

Mr. and Mrs. Lee Cuevas

McCaleb, Alfred Arnold, Nolan Kingston Jr., Lionel Bordages, George R. a c e Bordages, George Thornton, Joe Compretta, Earl J. Cusvas Jr., Larry Smith, William Hudson, Frank R. Lader, Horace Geoffrey.

Volunteer workers included Mrs. Julius Remel R.N., Mrs. George Hammer, R.N., Mrs. Warren Carver, Mrs. Michael Cardin, Peter C. Faucetta, Mrs. Retta Cardin, Mrs. Manuel Maurist, LPN, Mrs. A. N. Grass, Mrs. Alden Mauffray, Mrs. Denise McDowell, R.N., Inez A. Favre, Mrs. Mary Ellen Lader, Mrs. Mattie North, Millie Rutledge, Jan Rutherford, Mrs. J. D. Rutherford, Jr., Beate Prevou, Mrs. Betty Romanoff, Mrs. Louise Depreo, R.N., Dr. W. L. McFarland, Dr. M. L. Dodson, Dr. J. B. Levens, Dr. C. J. Cox, Dr. J. D. Rutherford, III and Dr. M. J. Wolfe.

Mr. Rutherford has expressed thanks to all who participated in the drawing. He said he attributed the small shortage in meeting the goal to the amount of sickness at the time of the drawing and he asks for continued support of all in the drawing to be held in the next three months.

JAMES ATTAYA

BROTHER NOEL

## Student, Teacher Receive Honors

Benton Cain, of Jackson, chairman of the Mississippi Economic Council's Student-Teacher Achievement Recognition Program, announces that James J. Attaya, senior at St. Stanislaus High School in Bay St. Louis, has been selected as the school's Star Student. The selection was based on

the student's high scholastic average for the first semester and high score on the American College Test.

Brother Noel, S.C., was designated the Star Teacher. Brother Star Student was asked to designate the qualified Mississippi teacher, regardless of grade taught, who, in the Star Student's opinion, made the greatest contribution to his or her scholastic achievement.

## Children Should Be Immunized

Mrs. Paul Miller, registered Public Health nurse, with offices in the Hancock County Public Health Center in an interview on Monday stressed the importance of early immunization shots for children. Mrs. Miller said: "We inoculate against whooping cough, tetanus, diphtheria and polio. Immunizations should begin as soon as possible after the child is six weeks of age and should continue on a regular schedule as needed to keep up the immunity."

The County Health Department will give immunizations to children on Monday during morning hours, 8:30 a.m. until 12:00 noon and on Thursday from 8:30 until 12:00 noon, and from 1:30 p.m. until 4:00 p.m. it was said.

Both the Star Student and Star Teacher will receive framed certificates from the MEC, the State Chamber of Commerce. These awards will be presented at a student assembly.

James J. Attaya, son of L. Col. and Mrs. Henry E. Attaya Jr. of Huntsville, Alabama is interested in study of mathematics and recipient of Aluminum Latinum Award and two NEDT certificates. A member of National Honor Society (3 yrs.), James received a variety basketball letter, music jacket and honor roll jackets (3).

Brother Noel, S. C., math teacher at St. Stanislaus High School, has been teaching 21 years.

R. B. Lampton of Jackson is chairman of the MEC's Education Committee which sponsors the Star Program in the state.

## First Aid Demonstrated

Mrs. Paul M. Miller Hancock County Health Department demonstrated first aid procedure at the meeting last Friday of the Hancock County Extension Homemakers Council held at the Agriculture Center.

## Airman Completes Training Phase

Navy Airman Recruit Richard E. Grosch Jr., son of Mr. and Mrs. Richard E. Grosch Sr., of 244 Pine Ridge Drive, Waveland, Miss., completed 28 days of training in the recruit phase of the Navy's "Four-to-Ten" active duty program.

He was graduated at the Naval Air Reserve Training Unit, Memphis, and is being ordered to one of the Navy's Class "A" schools to learn the skills of the service trade of profession for which he is best suited.

Upon completion of his active duty commitment, he will return to civilian life and train one weekend a month as a "Weekend Warrior" to satisfy a six-year military obligation. He is a 1970 graduate of De La Salle High School, New Orleans.

## Skating Party

Mr. and Mrs. James McArthy hosted a skating party last Saturday for their son Mark on the occasion of his 12th birthday. Guests were Donald Carr, Don Thomas, Forest Stevens, Nicholas Haas, Andrew Haas, Royce Hathaway, Dale Scaffid and Chip Merlin.

Too Cold For Comfort?

Modernize With  
**ELECTRIC HEAT**

Why suffer through another winter with an old fashioned heating system that doesn't adequately warm your home? Convert now to flameless electric heat and enjoy the most comfortable winter warmth anyone can have.

Whether you select a heat pump, electric furnace, wall heaters, baseboard units, or one of the many other electric heating systems, you will certainly enjoy the finest in home comfort.

For all the facts and figures about converting your home to clean, quiet, economical electric heat, telephone or visit your nearest **Electric Power Company** office.

MR. AND MRS. HENRY PULIZZANO JR.  
(Photo by Bob Hubbard)

## Vows Exchanged At St. Clare's

St. Clare's Catholic Church, Waveland, was the setting for the wedding Saturday, February 13, of Miss Sylvia Mary Silvestri daughter of Mrs. James Silvestri of Waveland and the late Mr. Silvestri, and Henry Pulizzano Jr., son of Mr. and Mrs. Pulizzano Sr. of Bay St. Louis, Miss.

Rev. Walter Maloney, Pastor, performed the double ring ceremony before an altar flanked by tall baskets of white gladioli and greenery.

Mrs. John McKenna, organist, rendered the processional and recessional and a program of nuptial selections during the ceremony.

Given in marriage by her brother, Bernard Silvestri of Waveland, the bride wore a white velvet gown fashioned on Empire lines. Imported lace trimmed the high neckline, long sleeves and extended on both sides of the bodice into the skirt.

Her cathedral length veil of illusion fell from a velvet lace trimmed pillbox and she carried a cascade of white carnations centered with an orchid.

Miss Yvonne Silvestri served her sister as maid of honor. Bridesmaids were Mrs. Douglas Moran, Bay St. Louis; Miss Margaret Burgett, Marrero, La.; Misses Faye Klein, Clermont Harbor, Mary Lou Gavagnie, Bay St. Louis and Michelle Dufrechou, New Orleans, junior bridesmaids.

They were attired in red velvet Empire line gowns with high necklines. A band of white ribbon accented the empire waistlines and they wore headpieces fashioned of red velvet bows with matching circular tulle veils. Red carnations interspersed with white ribbons and hearts were their bouquets.

Joseph Pulizzano was his brother's best man, Joe Pulizzano, a cousin of Metairie, La., Sammy Pernicliaro Jr., Bay St. Louis and Michael Heltzmann, Baton Rouge, were groomsmen.

Jay Dufrechou of New Orleans serves as junior groomsmen. Nancy Pernicliaro Jr., Bay St. Louis, Forrest A. Bourgeois, Waveland, and Otto Zoller, Baton Rouge, ushered.

Following the ceremony a reception was held in the Knights of Columbus Hall.

The cake table, overlaid with a lace cloth, was centered with a five-tiered cake trimmed with red spun sugar roses. White pom poms and fern encircled the bottom tier. Branched candelabra holding white tapers

were on either side.

Mrs. Lucien Pernicliaro and Mrs. Nancy Pernicliaro Sr., aunts of the groom presided at the cake and punch tables.

Mrs. Silvestri received their guests wearing an aqua linen suit with matching accessories.

The mother of the groom chose a gold dress trimmed in lace and matching accessories. Both mothers wore orchid corsages.

For her wedding trip the bride wore a brown and beige suit, brown accessories and the orchid from her bridal bouquet.

The bride is a graduate of Bay St. Louis Senior High School and Pearl River Junior College. Mr. Pulizzano also graduated from Bay Senior High and Pearl River Junior College. He is presently employed by Walk Haydel, Associate Engineer, Mobile, Alabama, where the couple will make their home.

## Sodality Plans

### March Activities

Sodality of Our Lady of St. Clare's Parish, Waveland, met Tuesday afternoon with Mrs. Marcus Eichhorn, prefect, presiding. Reports were heard from Mrs. A.N. Grass, recording secretary, Mrs. Adrien Chagnard, treasurer, Mrs. Joseph Damien, corresponding secretary and Mrs. E.N. Canady, publicity chairman.

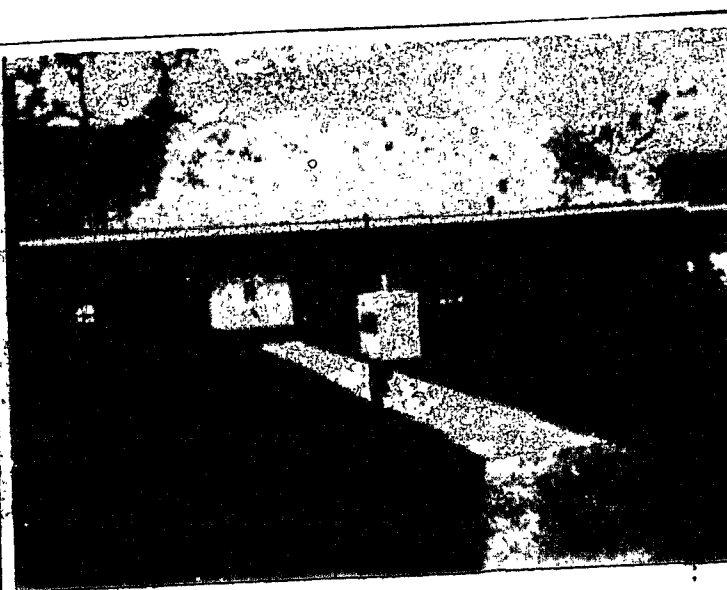

Mrs. William Faulkner sewing chairman, gave a resume of the sewing club's activities and announced a sewing session would be held in her home this afternoon at 1:30 to begin making articles for the annual Parish Fair.

Mrs. Henry Berry was appointed social chairman for sodalities sponsored by the Sodality every second Wednesday of the month. She will replace Mrs. David Markey who resigned.

Three new members, Mesdames Frank Lotz, Junius Boudreaux and Roland Cleutari and a guest, Mrs. Benjamin Causey were welcomed by the group.

Rev. Maloney, pastor, offered the opening prayer for the 23 members attending.

Activities for March will include Monthly Communion 9 a.m. Mass, Sunday March 7; Monthly social, 1:30 p.m., Wednesday, March 10, Costello Hall and monthly meeting 2 p.m., Tuesday, March 23, Costello Hall.

LAKEHORE GARDEN Club's selection for Waveland Garden of the Month is the home of Mr. and Mrs. William Richardson, 108 Whispering Pines.

"HOME OF THE WEEK" for this week is owned by Mr. and Mrs. Morris Miller and is located at 305 Hancock St. in Bay St. Louis.

## Awards Given For Flower Arrangements

Blue Jeans Garden Club met last Tuesday in the home of Mrs. J.C. Goodloe with 16 members attending.

Mrs. H. Duke, president, discussed arrangement and care of flowers.

Plans were made for the club's 23rd anniversary luncheon March 15 at Six Acres Restaurant, Highway 90.

Arrangements were judged and awards presented to Mrs. Frank Corcoran in cultivated arrangement, Mrs. J.C. Goodloe, Mrs. Duke, dried; Mrs. J. Edwards, wild and Mrs. Stella Rheams, miniature. Mrs. Berntha Augustine won the door prize.

For people who can't decide between full-size comfort and small-car savings-

**Oldsmobile introduces a new Cutlass Hardtop that gives you both.**

There you are, caught right in the middle. You want to have your cake and eat it, too. You want a car with a lot of room, a lot of comfort, a lot of class, but you also want the kind of savings and economy you normally only get in a small car. Where do you go from there?

Now! Special savings during Olds Cutlass Step-Ahead Sale!

Right now your Olds dealer is offering some very attractive frosting for a very attractive cake. During his Step-Ahead Sale on this Cutlass Hardtop, he's offering special savings on these six "extras": Vinyl top! Lowered hood! Whitewall! Wheel disc! Wheel opening moldings! Plym-carpeting! All yours at real savings right now.

Straight to your nearest Oldsmobile dealer's. He's got a new Cutlass Hardtop that gives you the best of both. This new Cutlass model, the lowest priced hardtop Olds offers, gives you things like: A big, solid body by Fisher with sporty Moroccan interiors and room for six grown-ups. A great coil-spring ride, computer-matched to each car's weight and equipment. Specially tuned body mounts for a quieter ride. A pollution-fighting engine that runs efficiently on no-lead, low-

lead or regular gas (either cylinder or V-8). Aluminumized exhaust system. Front-end inner panels, and corrosion battery that last longer. A Flo-Thru Ventilation that brings in outside air for interior comfort, so you arrived refreshed and energized. A Blast-ply, belted tires for improved traction, longer tread life. Side-guard beams in each door for extra security, plus a long list of other GM safety features. So why compromise? Get full-size Olds comfort and everything that goes with it—plus low price and exceptional economy, too.

## Merit Finalist Selected For Washington Studies

Gerald Liuzza, a senior at St. Stanislaus High School in Bay St. Louis, Mississippi, has been selected as one of 350 students to go to Washington, D.C., as a member of the Presidential Classroom for Young Americans. Gerald joined with students from all over the nation in attending the fourth class of a special course in government which began on February 1, 1971.

The classroom is a new educational project planned to teach government to selected high school seniors for a concentrated seven day period. Students, selected by their principals, must have outstanding academic and personal records to merit this designation.

The syllabus for the week includes academic instruction in the three branches of government: executive, legislative and judicial. Field trips will offer the opportunity to meet and talk with congressmen and senators as well as chiefs of government departments, agencies, city planners, ambassadors and national news media personnel. Although this is not

**GERALD LIUZZA**  
a tour, students will have one afternoon during which they will be able to visit such national landmarks as Mount Vernon, the Arlington National Cemetery and other historic sites. Gerald, the son of Mrs. Philip J. Liuzza, 621 St. Louis Street, Pass Christian, Mississippi, is in his sixth year at St. Stanislaus. He is an honor student and a member of the Brother Peter Basso Chapter of the National Honor Society. He has received two NEDT certificates for outstanding achievement in national testing and has been named a National Merit Finalist. He has also worked on the yearbook staff at St. Stanislaus. He belongs to the American Radio Relay League, the Civil Defense, and is an American Red Cross water safety instructor.

## Mayor Carver Votes

### Against Purchase

When asked to explain why he voted against the purchase of a backhoe by the City Council, Mayor Carver pointed out that he was opposed to the purchase of this item several weeks ago and cast a vote against its purchase because he sees no need for the city to purchase a backhoe. The one now owned has not been fully paid for, Mayor Carver said and added, "payments of nearly \$400.00 per month are still being made on purchase contract entered into by the previous administration."

Carver said the Street Department very seldom makes use of the presently owned backhoe. "If the Utilities System had this piece of equipment there was no reason for its not being turned over to them," he reasoned and said, "This would have saved the Utilities Department between \$9,000 and \$10,000 of its funds at the present time."

## Additional Inspector Appointed

Toni Pope, whose home address is 101 Rosemary Avenue in "Long Beach," is the newly appointed sanitary inspector to work in Hancock County along with sanitary inspectors, Alliston and Louis Fernandez. Pope is said to have been in training for the work for about three months and was employed at NASA in the Test Site, Pensacola from 1966 until December of 1970. Among his duties, Pope will handle the milk line inspections within the county. "We are making progress," he referred to the up-graded conditions among restaurants and said most restaurant owners had made repairs to their establishments, and had done painting and clean up work. Alliston said garbage collection and disposal for business establishments still has, in many cases, room for improvements. Some businesses and apartment houses are now contracting a professional service to dispose of solid waste, it was said.

### Kiln Man Celebrates 91st Birthday

One of Kiln's oldest citizens, Mr. Joe Riddle, celebrated his 91st birthday Saturday evening. Mr. Riddle was born on Feb. 22nd, 1880 (he claims George Washington was born on his birthday.) Despite his advanced age "Uncle Joe" was still the "host with the most" buzzing from group to group and keeping everyone in stitches with his remarks. At 91 he's a real marvel of energy and humor. Friends and neighbors who attended the party were Mr. and Mrs. Ray Favre, Pat Koenig, Rita Le Fleur, Sister Mary Ellen, Carol Baich, Karen Adams, Mrs. Earl Ladner, Pat Stanton, Janet Thayer, Marie Pavil, Sandy Forsberg, and Mr. and Mrs. Patrick Day. Everyone left the party hoping to be back next year to celebrate again with the 92 model.

### CHOIR PRACTICE

Choir practice at St. Clare's Church will be conducted every Thursday night at 7 o'clock in the church. New members are invited to join the group.

### Three Students Honored At PRC

Three Pearl River Junior College students from Hancock County were recently named to Who's Who in America Junior Colleges. Those elected are Kathryn Farve, daughter of Mr. and Mrs. Joseph Favre of Kiln; Debbie Weidman Heitzmann, daughter of Mrs. Dorothy Weidman of Waveland; and Jerry David Heitzmann, son of Mrs. Carl Heitzmann of Bay St. Louis. Kathryn, a Business Education Major, in addition to being on the Dean's List is Reporter for Phi Beta Lambda and a member of Phi Theta Kappa. In addition to being on the President's List and Dean's List at PRC, Debbie served as a Freshman Class Officer, a member of the Student Council, is treasurer of Mississippi Association of Student Nurses

PARTICIPATING IN Arbor Day Ceremonies at the Bay-Waveland Garden Club's center on Leonhard Avenue in Bay St. Louis are from left to right, City Commissioner Andre Arceaux; Mrs. Randolph Nicalise; City Commissioner William Frisbie; and Mrs. George Seuzensau, president of the Garden Club.

### How to visit Grandma without going over the river and through the woods.

Simple. Dial a Lovin' Phone call direct. It's as inviting as homemade apple pie.

First dial "1", then the area code, (if different from your own), then the number.

Dialing long distance direct is faster and easier than going over the river and through the woods. In fact, it's even faster and easier than going through the operator.

And the rates are low every night and all weekend long. So enjoy your visit. What else that costs so little gives you so much pleasure?

South Central Bell
